

***NO LIMIT OIL FILTRATION  
TECHNOLOGIES***

**INTRODUCTION MEETING**

## The No limit Difference!

With our engineering and manufacturing experience we offer standard, and custom designed filtration equipment for removal of various contamination including Water, Particulate, Acid, Gases, and Varnish in Lube, Gear, Hydraulic, Chemical, and Fuel Oils.

The end result is **CLEAN OIL!** Which maximizes machinery efficiency, and longevity saving you time, and money!

**Founded in 2014, NLOFT has a strong commitment to catering customer's needs with flexible high-quality oil filtration systems. We're centrally located in the beautiful San Antonio, Texas. Our location is logistically convenient throughout the nation domestically, as well as internationally. Our customer applications are without limits, and we strive to provide a system that will provide you with the results you desire. Our specialties include standard and custom-designed oil filtration equipment.**

NEMA 4

# PORTABLE FILTRATION SYSTEMS

# Mining Applications

- Truck Shop Maintenance
- SAG & Ball Mill Filtration
- Rear Wheel Motor Filtration
- Shovels & Dragline Filtration
- Gear Box Applications
- Diesel Fuel Filtration

# Dedicated Kidney-loop Portable Filtration Systems

- DESIGNED SPECIFICALLY FOR THE EXTRACTION OF BULK LUBE OIL TANKS
- AVAILABLE IN A VARIETY OF CAPACITIES AND OPTIONS TO HANDLE 10W, 30W, 15W40, AND 5W OILS
- HIGH-EFFICIENCY PLEATED MEDIA
- ELEMENTS RATED BETA(1) 1000 FOR CLEANLY MAINTAINED ISO 18/16/13
- WE CAN PERFORM ON-SITE FILTRATION SYSTEMS ON-SITE, IF REQUIRED

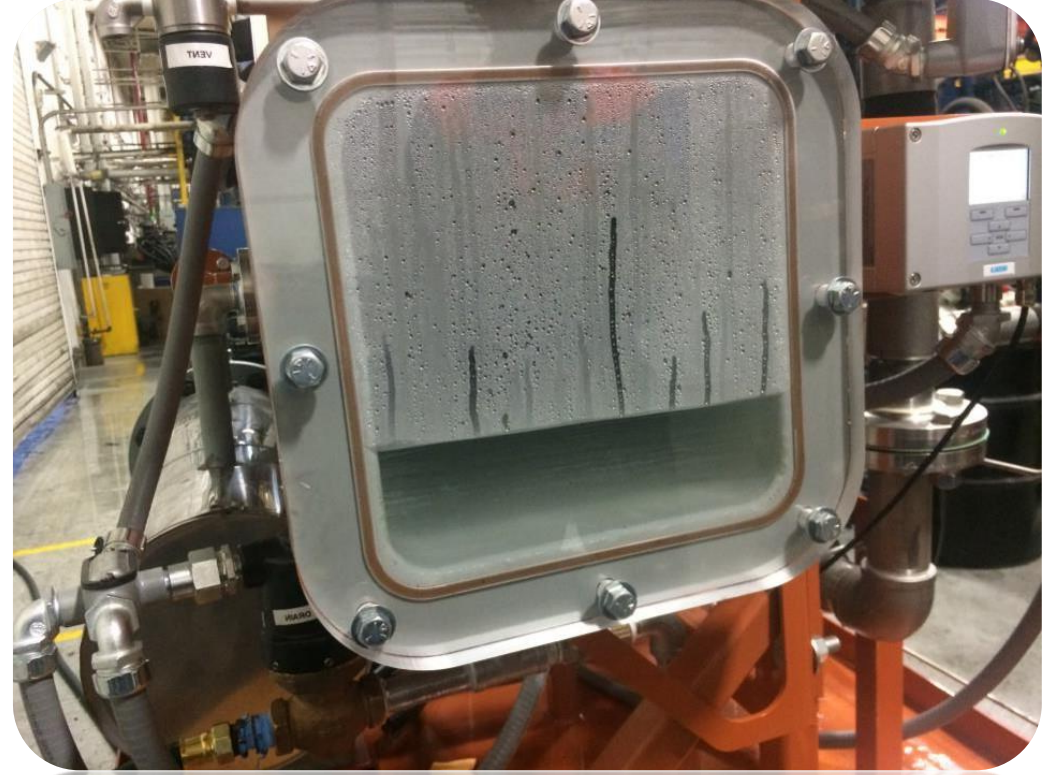

# Hydraulic Press Case Study

Before Fully Saturated

Hydraulic  
Press Case  
Study

Immediate Water  
Removal After 30 Minutes

# Hydraulic Press Case Study

After 24 hours our 10 GPM removed 25 GALLONS of water!

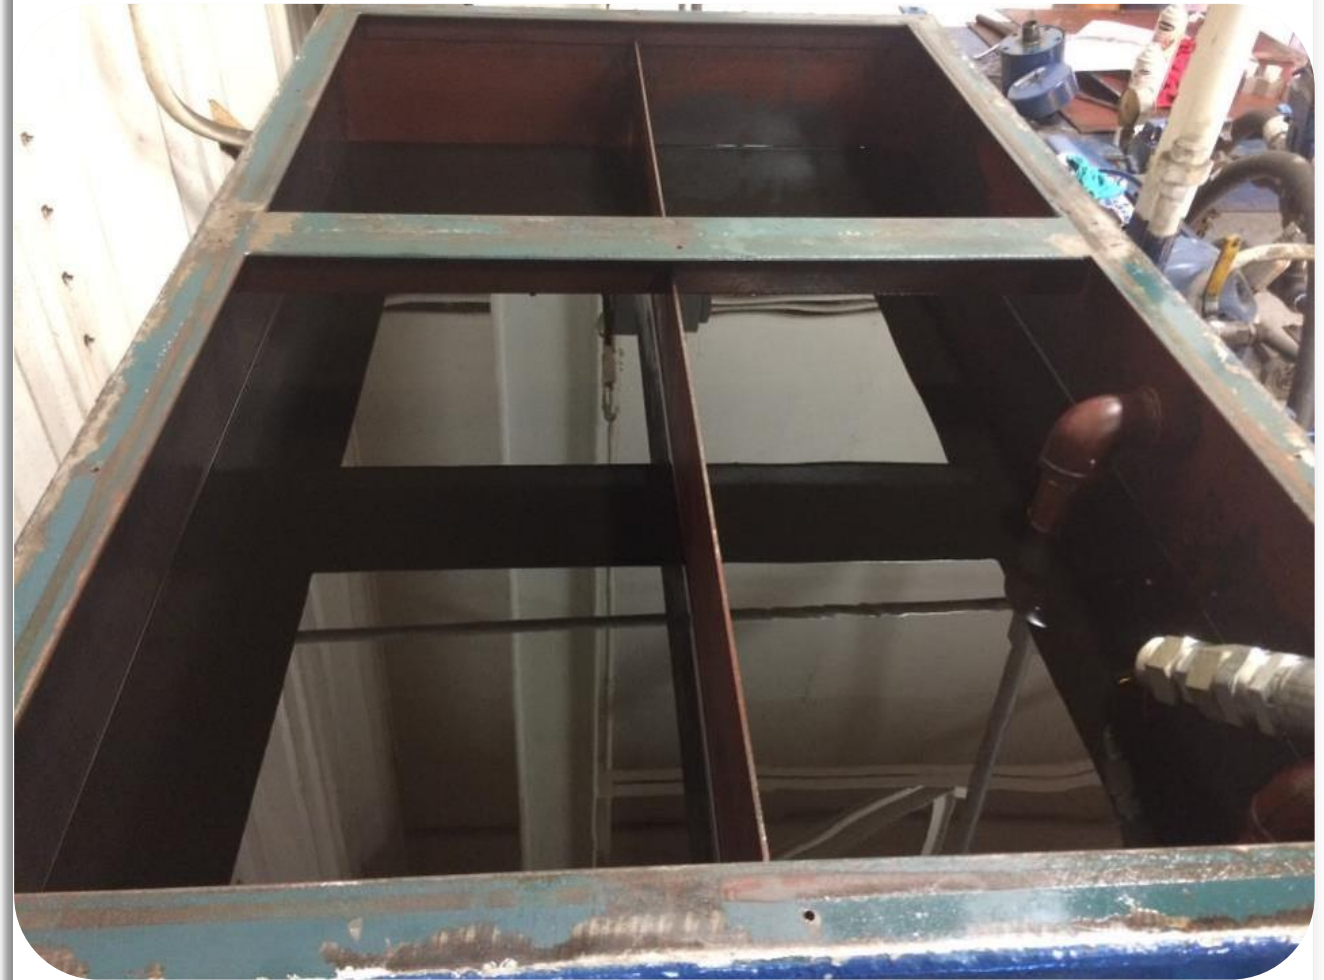

# Hydraulic Press Case Study

Before

**NLOFT**™ NO LIMIT OIL FILTRATION  
TECHNOLOGIES

500 Gallons fully saturated after  
24 hours!

Thank you!
